Project: Fascia Repair

Comments: I had been told by another contractor that my fascia board needed to be replaced as well as my gutters in the front of my house. Carlos (CTC Roofing) came out on time and looked at it and he was on time. When Carlos got up on his ladder he said that the fascia board was not rotted or damaged and all that it was was a gutter anchor that had not been installed properly causing the gutter to sag. He put in one gutter anchor for no charge and it fixed the problem. I asked him what I owed him and he said "nothing"! What an honest guy Carlos is, something you don't find every day. I tipped him and will recommend Carlos to all my friends and family. You would do well to have Carlos & CTC Roofing work on your roof should you ever need timely and honest work done!

Review by Craig M. in Miami, FL

Project: Leak Repair

Comments: Carlos came out and did an inspection on the date and time as promised. He then told me he would have an estimate by Monday no later than 5PM via email. As promised the email was delivered by 5 PM on Monday. After signing the contract we scheduled a start date. Due to weather the start date had to change multiple times because of weather no-fault of CTC roofing. Each time there was a weather delay they would promptly call me up to re-schedule the start date. Once the job was started the work was done just as the contract stated and as Carlos verbally had promised. The job was done in a professional manner and all left over construction material from the roof was removed by CTC roofing leaving me a clean house. Some of the wood trim around my house had to be replaced Carlos asked me if I had paint to touch up the new wood and I did so he painted the trim something I did not expect him to do going the extra mile.

Review by Steve T. in Sunrise, FL

Project: Fascia

Comments: After a couple of rain delays, Carlos (the owner) showed up on the day and time he said he would. They replaced all of the fascia around the pool enclosure, corners meeting up with enclosure and another piece of fascia on the side of the house. The craftsmanship was superb, all joints were miter beveled and mated very well. They painted the fascia and even repaired some of the soffit at no additional charge. They cleaned up all the mess afterward. In addition to doing a great job, nice people.

Project: Repair a Tile Roof

Comments: I picked this company based on Angie List reviews and I was not

CTC Roofing Testimonials

disappointed. Carlos showed up on time to bid the job. I received a professional bid via email from Toni. Once agreed to, Toni scheduled the job and all went well despite rain interference at times. Carlos is a hard worker and very professional on his approach to the job. They were courteous and cleaned up during and after the job. I would not hesitate to use this company again.

Review by Sara In Weston, FL

Project: Repair a Tile Roof

Comments: Carlos was punctual and went right to work. He originally came to repair roof leak where our patio flat roof meets the gable in the family room roof and also meets a wall going up to second floor level. Not only did he complete all the repairs that were contracted, he did others that were not in his original scope at no additional cost. He went the extra mile and put in the extra effort to avoid other problems in the near future! More contractors should be like Carlos!

Review by Jeff in Miami, FL

Project: Leak Repair

Comments: Carlos was right on time for the appointment. Looked inside kitchen area and went up on the roof to look at the area where the leak was coming from. Said he would email me an estimate (and did). Carlos was very professional, friendly and seems very knowledgeable about roofing repairs. Am getting a couple more estimates from other vendors. If I don't go with him for this repair, I would definitely check with him in the future. I have one other estimate and the price is about the same.

Review by David R. in Miramar, FL

Project: Repair a Tile Roof

Comments: Carlos is great. I've used him on several occasions over the years between 2 of my places. He's very helpful about telling you what the issue is that's causing the leak, will take pics of the repair in stages if you want for peace of mind that he did what was required to repair the issue. I've never had to call him back for a repair in the area he's worked on. I would definitely recommend him. He's not the cheapest repair service in town and not expensive but offers a very fair price for his services and does the work himself.

Project: Repair a Flat Roof

CTC Roofing Testimonials

Comments: Toni & Carlos were great from the beginning. Prompt responses to emails and since the closing of our house was coming up shortly they were more than willing to squeeze us into their busy schedule to get this repaired for us. On top of that the price was MORE than fair at \$240.00. We had gotten several other quotes that wanted as much as \$1,700 for the same repairs! Needless to say when we need any roof repairs we will be using them again for sure and will be referring them to all of our friends/family! :)

Review by Manuel R. in Hollywood, FL

Project: Replace a Flat Roof

Comments: They were very courteous and thorough with the work that was done. We had a bit of a mix up with the time but that was quickly resolved and when they arrived for the job it was all business. The flat roof replace was completed in 1 day and a half. Insection went flawless and all paperwork was submitted quickly and easily. I was sent an electronic invoice and a copy of the pass permit . Excellent company and i would highly recommend them. Carlos himself (owner) showed up to do the roof and was very professional.

Project: Repair a Tile Roof

Comments: They had to repair two different sections of the roof due to leaks.. remove tiles, replace fascia, replace rotten deck wood and fascia, install new base, seal, install tiles, etc. They were great.. We live in florida so with rain there is always a delay on roof work.. but they had us in as soon as a sunny day was available and they finish in two days .. very happy!!

Project: Repair a Shingle Roof

Comments: The only problem I had was trying to get in contact with a live person on the phone I always got a recording, I would leave a message and sometimes I would not get a call back tell the next day, I almost call someone else. I just hope now the work is done I have no problem if I shoud need them. We well see? It has not rain yet?

Review by Jennifer K. in Coconut Grove, FL

Project: Install Dryer Vent

Comments: The office was responsive to my inquiries. The roofer came on time for the estimate. The roofer fit me into their schedule on short requested, and the roofer came to do the job one time and completed the job on time at the cost quoted. For Miami, this is an A++ in terms of customer service. So far, the work appears to have been done well.

Review by Steve B. Miramar, FL

Project: Tile repair, Fascia

Comments: Reached out to CTC via Angie's list regarding a quote to fix several broken tiles, loose ridge caps, and some rotted out fascia board. Carlos responded out to our residence the following day and provided us with a quote for the repairs. A date was set up to complete the job. Carlos was able to arrive a day early to complete the job. They called to verify if they could come a day earlier, which was perfect for me. Carlos fixed all of our broken tiles, replaced some real bad ones with new tiles, and completed everything he said he would. He cleaned up a few of our corners on our fascia boards which now have really sharp corners. Outstanding job by CTC ROOFING. I would definitely use them again for any of my roofing needs. Thanks again.

Review by Jeffrey S.

Project: Shingle Roof Repair, Flat Roof

Comments: I used CTC Roofing, Corp before to repair my roof and then there's sudden a leak on the roof that he repaired before. So, the guy came and repaired the roof, and didn't charged anything. He guarantees his work and it was in the guaranteed period. They guy that did the repair was a hard worker and he works on time. He is inexpensive and he stands beyond his work. I have used him for a lot of projects.

Review by Elaine F. in Plantation, FL

Project: Replace Skylights

Comments: They were timely, polite and easy to work with.

This project required a permit and this roofer was willing to do the job right and pull a permit without any hassle

other roofers were not willing to pull the permit and were much higher priced.

They were great. On time, polite, did great job.

It was a pleasure working with them.

Review by a Neighbor in Hollywood, FL

Project: Repair a Tile Roof

Comments: Recently, I solicited for a roofing contractor recommendation with the Home Advisor and other online web services. I was provided several contractors with excellent ratings and reviews. C.T.C. Roofing stood out by submitting a quote several hundred dollars less than the other contractors. The nature of my issue involved the repair and or replacement of approximately 25 tiles on my roof. Carlos from C.T.C. came to my house for the assessment and quote. Carlos actually was part of the team that did the work. He was professional, knowledgeable, on time, genuine, and very customer friendly. He explained all aspects of the job and the job was performed exactly as he explained. To say I am a satisfied customer would be an understatement. I highly recommend C.T.C.

01/21/13

Review by Steve B. in Miramar, FL

Project: Tile Repair

Comments: Carlos from C.T.C. Roofing came to my house within 24 hours of my request for an estimate for the repair of broken tile on my roof. He arrived right on time, assessed the broken tiles, explained how he would approach the repair / replacement of the tile and the correction of loose ridge cap tiles. He was extremely professional, articulated the entire repair process, and promised a quote to me via email within 24 hours. He answered all of my questions in a most sincere manner.

The next day the email quote arrived as promised. I had several questions that I addressed via email and Toni at CTC responded to each issue immediately. While I was considering two other roofing contractor quotes, I must say, the quote from CTC was several hundred dollars less than the two other contractors that were being considered. All three contractors were rated with an A on Angie's List, with very positive reviews. Given the high ratings of all the contractors being considered, deciding on CTC was easy. The work was done within one week of the original quote. As was promised during the roof assessment, the job was done by Carlos exactly as he explained. The job was completed in the estimated time frame promised, all debris was removed and Carlos took the time to explain everything that was done.

While Carlos took the time to explain actions that a homeowner can do to protect the roof, he never tried to sell me anything additional. We discussed the pressure cleaning that I was having done over the years and one of the suggestions was to ensure that no bleach was being used to pressure clean the roof, as the bleach can aid deterioration of the surface under the tiles on the roof. I cannot say enough about how this project went from the first visit to the completion of the job. Highly recommending this company would be an understatement! My summary can be summarized in two words -

Outstanding Experience.

Anyone needing any roof repairs would do themselves a tremendous service in calling CTC to request a visit / quote and meeting with Carlos. Trust me you have nothing to lose but a whole lot to gain.

Review by Gabor N. Coral Gables, FL

Project: Repair a Tile roof

Comments: It has been raining off and on for the past 2 weeks, and no more leaks! Done right on the first time! Rather rare nowadays. Roof tiles had to be removed and replaced. Also, the repair required parts of the roof covered with new tar paper. Lastly, several, previously, broken tiles were repaired. Excellent work.

Review by Dellyn M. in Southwest Ranches, FL

Project: Skylight

Comments: He did an excellent job. He was very timely; I made the appointment and he came when he said he would come. He was very conscientious about his work and there is nothing that I could say bad about him. He listened to what I needed done and

CTC Roofing Testimonials

he didn't try to push me for anything that didn't need to be done. He was really great. When we called him for a re-roof, he was totally open and honest with us and said that he doesn't do re-roof. He said he does repairs and installations but just not equipped to do re-roof. That was a few years ago though and things might have changed now.
